PROFESSIONAL SUMMARY

Full-stack developer and AI integration engineer who builds and ships production software using Claude Code, Anthropic API, OpenAI API, and frontier AI tools as core instruments. Founder of Verdorian Technologies LLC — 6 live products across web, mobile, and automation serving real clients in insurance, construction, safety, and hospitality. 7+ years managing complex compliance data systems in regulated environments. Available immediately for remote roles.

PROJECTS — VERDORIAN TECHNOLOGIES LLC (FOUNDER & SOLE DEVELOPER)

- QRSafePro + QRStock — Full-Stack SaaS Web App · qrsafepro.com · Live

Next.js · React.js · TypeScript · PostgreSQL · Claude API · OpenAI API · Stripe · Vercel

► Production SaaS platform for equipment inspections, QR inventory management, and AI-generated OSHA compliance documents (SSSP, JSA, HazCom, LOTO, Arc Flash, OSHA 300) — used daily by industrial field crews.

► Multi-tenant architecture · 182 security policies · 70 REST API routes · 7 automated background jobs; tamper-proof audit ledger; mobile field flow under 15s; Stripe billing (3 tiers).
- PolicyPilot — Insurance Automation Web Application · policypilot-one.vercel.app · Live

Next.js · React.js · TypeScript · PostgreSQL · Claude API · Drizzle ORM · PDF Generation · Vercel

► Built end-to-end insurance workflow automation — AI ACORD form generation (302 fields), PDF pipeline (proposals, binders, certificates), 15-step workflow from intake to policy binding.

► AI extracts 14 structured fields from carrier PDFs and auto-generates branded client proposals; OWASP security headers; role-based access control.
- Big Daddy's Sport Fishing — Luxury Business Website · bigdaddysfishing.com · Live

Next.js · React.js · TypeScript · Tailwind CSS v4 · Framer Motion · JavaScript · Vercel

► Solo end-to-end build — luxury editorial website for a custom 64-ft Viking yacht. Custom JS momentum gallery, watercolor typography animation, keyboard-navigable lightbox. Zero external UI libraries.

► 6 HTTP security headers · 5-layer spam protection · Schema.org SEO · WCAG AA · full mobile-responsive · zero TypeScript errors.
- Knight Electric Inc. — Corporate Business Website · knightelectric.net · Live

Next.js · React.js · TypeScript · Tailwind CSS · JavaScript · Resend API · Vercel

► Migrated legacy website to Next.js on Vercel — PageSpeed 38 → 75 (+97%). 7-page production site for 50-yr contractor (LG Chem, Novelis, Vanderbilt, Musco Lighting). Solo build.
- VoicePencil — AI Mobile Application (iOS) · App Store Pending

React Native · Expo SDK 54 · TypeScript · Supabase · OpenAI API · Deepgram · RevenueCat

► AI-powered iOS voice notes app — voice transcription, 16 AI content transforms, YouTube learning, semantic search across 12 serverless functions. Server-side usage controls; Free & Pro tiers. 8 Claude Code agents automate App Store submission.
- ChangeOrderAI (CODY) — Construction AI Automation · Web + Mobile · Live

Next.js · React Native · TypeScript · Claude API · OpenAI API · Supabase · Deno Edge Functions

► AI agent automating construction change orders across 12 Edge Functions — analyzes jobsite events, scores likelihood, generates submission-ready documents. Two-tier model strategy with cost tracking + prompt versioning per call.
- WORK EXPERIENCE

Full-Stack Developer · Data Analyst · Safety Manager

Knight Electric, Inc. · Clarksville, TN

Apr 2024 — Present

► Built QRSafePro + QRStock (full-stack SaaS) and migrated company website (PageSpeed 38 → 75) — serving as sole developer, safety manager, and data analyst simultaneously.

► 99.5% data accuracy across 200+ weekly compliance records; reporting dashboards, data analysis, enterprise client proposals for Google Data Center projects; managed 50+ field employees.
- Data Coordinator & EHS Specialist

Jostens · Clarksville, TN

Nov 2020 — Mar 2023

► Managed and validated 500+ inspection records monthly with zero compliance errors; designed structured data schemas and reporting pipelines for regulatory compliance.
- Operations & Data Coordinator

LG Electronics · Clarksville, TN

May 2018 — Mar 2020

► Built data management systems for new manufacturing facility; 100% accuracy across OSHA recordkeeping, compliance tracking, and multi-system data validation.
- EDUCATION & CERTIFICATIONS

Bachelor of Science, Communications · Independent University, Bangladesh · 2013

Prompt Engineering Bootcamp: AI & LLMs · Zero to Mastery · 2025
